FORMERLY VIGILANTES OF LOVE

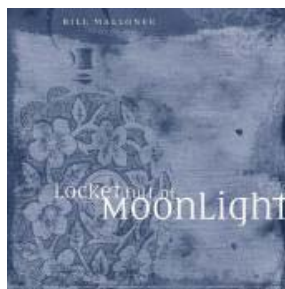

Discography

Perfumed Letter

Releases August 26th, 2003 on Paste Records. Available in major record retailers near you. Produced by Tom Lewis and Bill. This Brit-rock influenced record release has just enough Athens twist on it to make it comparable to Pete Yorn and the Flaming Lips.

Pop/Rock

Locket Full Of Moonlight

Released winter 2002 at Pastemusic.com.

Yes, this guy is prolific. This is a very thematically dark, yet hopeful album that is worth a complete listen with a pair of headphones. Available at Pastemusic.com.

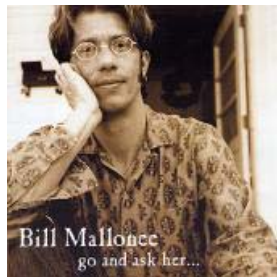

Pop/Rock

Fetal Position

Released 2002 at Pastemusic.com. Bill's first indie solo release takes on the continuation of Summershine and explores themes of love, hope, and dreams. For fans, this has a little bit of everything. Available at Pastemusic.com.

Pop/Rock

Go And Ask Her

Released 2002 as a UK import. A very unique Americana record that has some exclusive music written over in the UK. Available at Pastemusic.com.

Folk/Rock

Resplendent

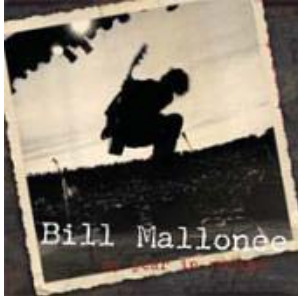

Released 2002 as a UK import. This live CD showcases the Vigilantes of Love sound at their very best. Definitely the alt-country version of VOL – and a companion CD to the UK DVD soon to be released. Available at Pastemusic.com.

Alt-Country/Americana

Bill Mallonee

FORMERLY VIGILANTES OF LOVE

My Year In Review

Originally a fan club cassette released in 1995. It's been remastered on CD with three new tracks. There are 6 songs not found on any Bill/VOL CD. Available at Pastemusic.com. Folk/Rock

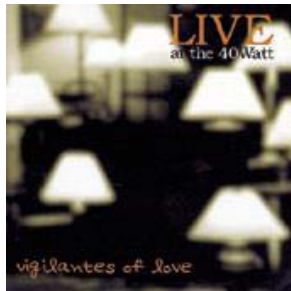

Summershine

Released 2001 on Compass Records. This is the start of the Brit-Pop Jangly guitar with Athens twang music. And it's really perfect for driving or working or just as Not Lame announces, "This is awesome!" Available at Retail or at Pastemusic.com. Pop/Rock

Audible Sigh

Critics hail this as one of the best albums around! Released 2000 on Compass Records. Featuring the production and playing of Buddy & Julie Miller, Emmylou Harris and more amazing players – if you're a fan of the alt-country, then this is your album. Available at Retail or at Pastemusic.com. Alt-Country/Americana

Live at the 40 Watt

Live CD at the hometown Athens, GA club. Released in 1998 and the start of Paste Records. There's a great energy to this disc which is a reflection of the wonderful VOL band and why they were so amazing on the road. Available at Pastemusic.com. Rock/Pop

Bill Mallonee

FORMERLY VIGILANTES OF LOVE

To The Roof Of The Sky

Released 1998. This is what happens when you're in between record deals. You sell over 15,000 on your own. This amazing indie release attests to the power of the song, the power of a band, the power of the fan. Amazingly achingly beautiful songs throughout. Available on Pastemusic.com. Alt-Country/Americana

Slow Dark Train

Released 1997 on Capricorn Records. This last album for Capricorn doesn't disappoint. There are so many memorable songs; you'll always want to listen to the whole album. Unfortunately, it's not available at this time. Rock

Vigilantes of Love

Released 1996 on Warner Brothers. This album is a retrospective of the five VOL CDs previous. A great cross section of the VOL sound with four new songs. Not available anywhere except your local friendly used CD store. Maybe. Rock

Blister Soul

Released 1995 on Capricorn Records. Another gem of a rock album. Great broad themes sweep through with the climactic "Skin" – a song about Vincent Van Gogh. Not available right now, but we're working on it. Rock

Bill Mallonee

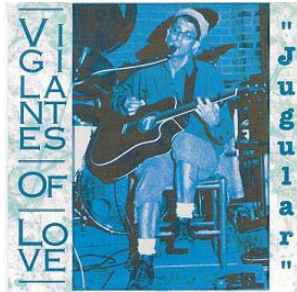

FORMERLY VIGILANTES OF LOVE

Welcome to Struggleville

Released 1994 on Capricorn Records. This is the CD that exposed the nation to VOL. John Mellencamp said that this was the best band nobody will ever hear, despite garnering radio play on stations across the country. Not available anywhere.

Rock

Jugular

Released 1993 on Fingerprint Records. Although this CD was recorded before Killing Floor, it wasn't released until afterward. It's an intimate record that goes back to the original presentation of a Bill Mallonee show – expressive, revealing and heartfelt. Not available at this time.

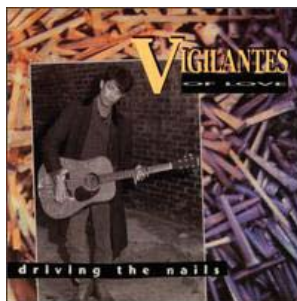

Folk/Rock

Killing Floor

Released 1992 on Fingerprint Records. Produced by Mark Heard and Peter Buck of R.E.M. This album really attracted fans to the music of VOL. Every track shines as an acoustic pumped up gem. With scathing lyrics and tunes that have you singing along – this is where the train gets some steam rolling. Available at Pastemusic.com.

Folk/Rock

Driving the Nails

Released 1991 on Core/Fingerprint. The one that started it all. It's a collectors item now, although rumors about regarding a boxed set of VOL's first three albums.
